- The chairs will briefly introduce themselves, the topic and the speakers. Each Scientific session will have four talks, 10 min each from one member of the funded group and 5 min of follow-up Q & A. The second scientific session will have a 15 min talk from CODCC. The format for presentations are as follows:
 - 15 min presentations = 12 min present + 3 min Q&A
 - 10 min presentations = 8 min present + 2 min Q&A
- The breakout groups will be arranged according to particular scientific topics. Each group will have NIH staff to facilitate. Each group will have an assigned scribe and reporter (who would report back to the whole group).
- The Day 2 breakout session report & prioritization segment agenda is:
 - Report back presentations (35 min, 5 min per breakout team)
 - Discussion (10 min)
 - Working group report back (15 min, 2 min per WG team)

- Prioritization of scientific themes and assignment to working groups

Working Groups & notes:

1. Consortium Policy
2. Data submission
3. Publication
4. Outreach
5. Omics and mapping
6. Imaging and mapping
7. Cross consortium benchmarking
8. Integration with CFDE

Breakout sessions & notes:

1. Coordination with other related initiatives (like HuBMAP, HTAN, HCA etc), Center-center comparisons
2. Tissue acquisition and handling - common protocol
3. 2D versus 3D Tissue Mapping
4. Integration of various omics and imaging methods
5. Common Coordinate Framework
6. Data formats, metadata schema, data QA/QC
7. Common data analysis pipelines
